# RF Transformer

## **NCR2-Series**

 $50\Omega$  3W Up to 18 GHz

CASE STYLE: NF1846-1

### The Big Deal

- Microwave Frequency Balun
- Ultra-Wideband Frequency Coverage, from 3.5 up to 18 GHz
- Miniature Size LTCC Package

#### **Product Overview**

The Mini-Circuits NCR2 family of ultra-wideband balun transformers covers a frequency range spanning 3.5 to 18 GHz with an impedance ratio of 1:2. They are commonly used for unbalanced to balanced applications. LTCC construction provides exceptional reliability, thermal stability, and a high degree of repeatability. A small footprint (0.08 x 0.10") offers flexibility of integration with RF integrated circuits.

## **Key Features**

| Feature                                      | Advantages  |  |  |
|--|---|--|--|
| Ultra-wide bandwidth                         | The NCR2 family of LTCC baluns covers many popular microwave frequency bands and is ideal for applications such as satellite communications, point to point radio, and electronic surveillance. |  |  |
| LTCC construction                            | Low Temperature Ceramic Co-fired construction offers a high degree of repeatability, temperature stability, and high power handling capabilities.   |  |  |
| Miniature footprint,<br>0.079"x0.098"x0.035" | The miniature footprint of these LTCC baluns makes them easy to integrate with RF integrated circuits.  |  |  |

#### Notes

A. Performance and quality attributes and conditions not expressly stated in this specification document are intended to be excluded and do not form a part of this specification document.

B. Electrical specifications and performance data contained in this specification document are based on Mini-Circuit's applicable established test performance criteria and measurement instructions.

C. The parts covered by this specification document are subject to Mini-Circuits standard limited warranty and terms and conditions (collectively, "Standard Terms"); Purchasers of this part are entitled to the rights and benefits contained therein. For a full statement of the Standard Terms and the exclusive rights and remedies thereunder, please visit Mini-Circuits' website at www.ninicircuits.com/MCLStore/terms.jsp
